

SNI_intro

This questionnaire is concerned with how many people you interact with on a regular basis including family, friends, workmates, neighbors, etc.

Some questions specifically ask about who you "see" or "talk to." For those questions include all interactions that occur *face-to-face*, *by phone* or *by a web-based system (voice or video)*.

Other questions ask you to include all forms of communication. For those questions, include all interactions described above, *plus all personal* interactions you have through text, email, social media, and gaming, as well as social interactions that occur through physical touch (for example holding a hand of a sick person). Do not include posting to open forums or writing to subscribers.

Please read and answer each question carefully. For this survey, please respond based on your typical behavior in 2019.
